Before you begin

The **Queensland Building Plan (QBP)** includes new legislative amendments in an effort to strengthen the financial requirements for licensees. The new format aligns with good business practice and Australian Accounting Principles.

All licensees will be required to report annually to the QBCC. The type of reporting, and specific information requirements, will depend on the licensees' financial category at the time of submission.

The portal has been designed to make submission of financial information simple and streamlined, eliminating the requirement to file manual submissions or emails.

Completing the financial information on the portal

Depending on your business structure, you may need to include calculations from various sources.

Trustee for a Trust

If the licensee is a trustee for a trust, the answers on the portal should only include the figures contained in the trust financial statements. Any deed amounts assured should not be included.

Partnership

If the licensee is in a partnership, the answers on the portal should include the figures from the licensee and the partnership in combination.

Important Information

Before completing the Annual Reporting Form, we suggest that you read the information on the [QBCC website](#).

Any party lodging financial documents is advised to retain a copy of information lodged with QBCC.

Reminder: A licensees' financial information must at all times satisfy the Minimum Financial Requirements. Variations in the licensees' turnover and assets must be notified and approved in accordance with the Minimum Financial Requirements. This must be done separately to the form that you are about to complete.

Privacy Policy and Right to Information

The information provided by you may be used by the Commission and its staff in the performance of their functions under the Act. Please note that as a result of our review of the financials, we may seek additional financial information in the course of review.
