BSA/CONSTRUCTION SKILLS QUEENSLAND SUPERSHOWS 2008

To further improve work standards and help Queenslanders build better, BSA and Construction Skills Queensland are coming together to host another round of SuperShows throughout south east Queensland and major regional centres commencing in March 2008 with **ALL NEW DVD** and live presentations.

BSA licensees and their staff are urged to enjoy a day in the company of like-minded tradespeople and get the low-down on new standards and regulations, see demonstrations of best practice methods, and find out how to avoid building pitfalls.

NEW DVD and 'live' presentations will cover the following topics:

- Best practice Supervision of Residential & Commercial Building Work.
- Rainwater Tank Installation
- Best Practice compliance with BSA Subsidence Policy
- Waterproofing External Membranes (Balconies, decks & retaining walls)
- Passive Fire Prevention Systems and Components for Class 2-9 buildings
- BSA's Dispute Resolution Process
- Domestic Building work contractual issues - why disputes with owners occur.
- Get paid quicker using the Building & Construction Industry Payments Act.
