

MEDIA STATEMENT

31 March 2015

PAS up and running again

We're aware that the Plumbing Application Service (PAS) has been having some issues but we've been working to fix the problem. The system issues are now resolved and you should be able to submit your forms online.

If you're concerned with the timeline in relation to submission of your forms, please advise us via email at notifiablework@qbcc.qld.gov.au with your name, plumber number and the number of forms you have been attempting to submit. Alternatively you can call us on 139 333 and provide these same details.

Please also advise if the submission of these forms was in relation to the amnesty.

ENDS
